

# BYECOLD

**BYECOLD**®

WARM YOUR LIFE IN MODERN WAYS

## INFRARED HEATING PANELS

Frameless

Pure minimalistic design, an excellent performance-price ratio, and long lifetime; in a word, these are BYECOLD heating infrared panels of the F series.

### Nothing succeeds like simplicity!

Rounded edges of the unibody construction create a pure line in which the front panel slowly passes to sides. No sharp corners, no visible joints. In short, minimalism in all its glory.

### Every detail matters...

As you can see, we take great pains to achieve an excellent workmanship of our F-series frameless infrared panels. The panel edges are ground manually so that there are no signs of joints after coating with power lacquers.

### Unique and patent-protected material

Although it is probably not obvious at first glance, the F-series infrared panels are made from a non-metal material on graphene basis. This makes it possible to achieve a completely unique input-output ratio, and for this reason our panels are able to save high heating cost, as compared to products of our competitors.

## Technical descriptions

Model	F0606	F0706	F1006	F1206	F1207	F1209
Dimension [mm]	595*595*25	705*605*25	1005*605*25	1195*595*25	1205*755*25	1205*905*25
Nominal performance (wall) [W]	350	450	580	700	900	1100
Surface temperature [°C]	75-95	75-95	75-95	75-95	75-95	75-95
Energy conversion efficiency [%]	98	98	98	98	98	98
Frame	frameless	frameless	frameless	frameless	frameless	frameless
Overheating protection	Yes	Yes	Yes	Yes	Yes	Yes
Starting length of cable [m]	1,9	1,9	1,9	1,9	1,9	1,9
Certification	CE,RoHS,SAA	CE,RoHS,SAA	CE,RoHS,SAA	CE,RoHS,SAA	CE,RoHS,SAA	CE,RoHS,SAA
Guarantee for heating element	5 years	5 years	5 years	5 years	5 years	5 years
